Hailee Steinfeld - Man Up

"Man Up" Man up (Man up), yeah Little boy, won't you man up? Man up (Man up), yeah Little boy, won't you man up? (Okay) My brother hates you, my mother hates you My father and sister, too Wait, I don't even have a sister But if I did she'd hate you Everything is in past tense 'Cause we're definitely more than through And I'm running, running, running, running Out of ways to get through to you I think it's cute that Look me in the eyes won't do that (Woo) Six knives in my back Tell me why you would do that? (Do that) Sun goes down, different phase Didn't think I'd learn her name Gave you every bit of trust I just can't believe you'd abuse that Man up, man up (Yeah) Little boy, won't you man up? Man up, man up (Yeah) Little boy, won't you man up? All of these tantrums They won't win me back, love Just be a man, love And I don't mean society's version I just mean, be a better person (Yep) For once, man up (Okay) If you would've taken accountability then you'd still be holding my hand Maybe not as tight, but at least maybe, maybe you'd have a chance I don't even wanna keep talking about this, so I'll just stop Sike, thought I was done, but I'm not (done, but I'm not) I think it's cute that Look me in the eyes won't do that (Do that) Six knives in my back Tell me why you would do that? Man up, man up (Yeah) Little boy, won't you man up? Man up, man up (Yeah) Little boy, won't you man up? All of these tantrums They won't win me back, love Just be a man, love And I don't mean society's version I just mean, be a better person For once, man up (Okay) Ooh, yeah, yeah, yeah (Man up, man up, man up) Ooh, yeah, yeah, yeah (Man up, man up, man up) Man up, man up (Yeah) Little boy, won't you man

up? (Won't you man up?) Man up, man up (Yeah) Little boy, won't you man up? All of these tantrums They won't win me back, love Just be a man, love And I don't mean society's version I just mean, be a better person (Yep) For once, man up (Okay), yeah (Man up, man up, man up) Just be a man, you baby (Man up, man) I'm done (Okay)
