Koomz - Passenger lyrics

Lyrics [Chorus] I just put my foot down in a coupe With a baddie in the passenger Baby I ain't gonna crash this car She said baby slow down, you're going way too fast Had to tell her don't worry Remember back then, when I really had no money They was acting, really tryna show you old money Move from me Cos I'm really getting new money Tell 'em move from me, Move from me Yah yah yah [Verse 1] I linked my baddie called my bro and said it's kicking off I'm in a merc, Push the pedal Then I'm whizzing off I ain't crashing but this henny got me kind of written off But did I not? Spend 10 bands on the latest drop Amiri jeans cos I don't know no better Like, what's good breddah?
