Translation (in English):

O God, who created Heaven and Earth!
I will enter into Your presence
To shine Your Holiness
Lead me in Your completeness
Glory and Honor to You
Every day my worship is to You
Glory and Honor to You
Always this praise offering is to You
Jesus.. Thank You

From dust, You have formed me as a human
Though I was an empty, You have filled me with Glory
You have hugged me
You have engraved me on the palms of Your hands
And You have shined Your face upon me
What can I give for Your Love
I worship You with my broken heart

How much You have loved this deadly sinner
You have changed me strangely by dying on the Cross
You have enlightened eyes of my heart
You have changed hardness of my soul

And You have chosen me who is unworthy and weak
How can I pay back Your debt
I worship You with my broken and contrite spirit
